Sir:

Further to the Amendment filed November 26, 2001, please supplementally amend  
the above-identified application.

IN THE CLAIMS:

Please replace claims 1, 4, 17 and 18 as follows:

- Sub D*
- C1*
1. (Twice Amended) An optical module, comprising:  
a mounting member having a principal surface, the mounting member entirely  
made of material having a property of transmitting light;  
an interconnect formed on said mounting member; and  
an optical element mounted on said principal surface and electrically  
connected to said interconnect,  
wherein said mounting member is an optical waveguide for guiding light  
emitted from said optical element or light admitted to said optical element.
